

## Refractive Indices of Inorganic, Organometallic, and Organononmetallic Liquids, and Binary Liquid Mixtures (Landolt-Bornstein: Numerical Data and ... Science and Technology - New Series) (Vol 38)

In the first two Parts of Volume 3/38 Optical Constants critically evaluated data on refractive indices of inorganic and organic liquids and their wavelength dependence (dispersion) are provided. Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). Part B contains data of more than 7600 organic liquids. Since not all data for the organic compounds and mixtures could be included in the printed version the second part additionally contains an electronic version of the complete collection with all available data and references.

**Refractive Indices of Organic Liquids - Christian - Google Books** Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). of Volume 3/38 Optical Constants critically evaluated data on refractive indices of Landolt-Bornstein: Numerical Data and Functional Relationships in Science and **Refractive Indices of Inorganic, Organometallic, and - Google Docs** Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). Part B contains of Organic Liquids Volume 38, Part 2 of Landolt-Bornstein: Numerical Data and Functional Relationships in Science and Technology - New Series **Refractive Indices of Organic Liquids - Christian - Google Books** Technology - New Series / Condensed Matter) (9783540752899) by Wohlfarth, and Binary Liquid Mixtures (Supplement to III/38) (Landolt-Bornstein: Numerical Data Included in this volume are refractive indices of inorganic, organometallic, organononmetallic, and organic liquids as well as their binary liquid mixtures at **Refractive Indices of Organic Liquids - Christian - Google Books** Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). Part B contains of Organic Liquids Volume 38, Part 2 of Landolt-Bornstein: Numerical Data and Functional Relationships in Science and Technology - New Series **Refractive Indices of Organic Liquids - Christian - Google Books** Index 2008 of organic compounds listed in the scientific data collection Landolt III/38a 3.1:847 (mix), III/38A Optical Constants - Refractive index of dibutyl ether: Vol. Static Dielectric Constants of Pure Liquids and Binary Liquid Mixtures: Vol. .. Refractive Indices of Inorganic, Organometallic, and Organononmetallic **Refractive Indices of Organic Liquids - Christian - Google Books** Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). Part B contains of Organic Liquids Volume 38, Part 2 of Landolt-Bornstein: Numerical Data and Functional Relationships in Science and Technology - New Series **3-methyl-butan-1-ol - Landolt-Bornstein Substance / Property Index** Part A contains the inorganic, organometallic, and organononmetallic liquids, and the binary liquid mixtures (about 900 pure substances and their mixtures). B: Refractive Indices Vol 38 (Landolt-Bornstein: Numerical Data and Functional Relationships in Science and Technology - New Series / Condensed Matter) **Refractive Indices of Inorganic, Organometallic, and - Google Books** Refractive Indices of Inorganic, Organometallic, and Organononmetallic Liquids, and Binary Liquid Mixtures.
