Kate OBrien is 30 and has very little to think about except trying to keep her balance as she totters up Londons media-land ladder. Fiona OBrien is Kates responsible older sister - with a husband, twin boys, a dog, and now - a life-changing problem. Its a problem that means Kate going back to Dublin. Pronto. There she finds herself stepping into Fionas shoes - and discovering that shes definitely not cut out to be a domestic goddess. On top of that, the ex she thought shed got over years ago turns up to haunt her. Will either of the OBrien sisters survive? And even if they do, can either of them slip back into their old shoes ever again?
