

Winning in the Futures Market: A Money-making Guide to Trading, Hedging and Speculating

In this paperback edition of the best-selling *Winning in the Futures Markets, Revised Edition*, author George Angell provides readers with an insiders guided tour of these exciting markets. For the novice trader, he provides the basic training, explaining the meaning of a futures contract, how margin works, the ins and outs of dealing with brokers, how to place orders and much more. For the seasoned trader, according to Angell, access to accurate, reliable information on the futures markets is the key to success. To aid traders in this quest, he provides an insiders insights on chart trading, Gann techniques, options on futures and his proprietary LSS Day-Trading System for the S&P Stock Index Options market. Today's futures markets are a financial frontier offering a world of opportunity to the informed investor. And that is the primary objective of this work. This title is a co-publication with Probus.
