

The Book of the Pistol & Revolver

This is a facsimile of The Book of the Pistol by Hugh B. C. Pollard, originally published in 1917. Written from a British perspective, this book is a complete treatise on the handgun and its uses. A book that was intended for both the handgun collector and the avid shooter, Pollard covers the fascinating history of the pistol, starting with the invention of gunpowder and continuing up until the modern era (1917). He explains the technological advancements and the wars in which each the pistol was used. Pollard then turns an eye to the practical, focusing on learning how to shoot and develop great skill with the handgun. He introduces the reader to both target shooting and practical self defense shooting. The book includes many photographs as well as tables of technological data.
