

# Invest Like a Shark: How a Deaf Guy with No Job and Limited Capital Made a Fortune Investing in the Stock Market

Profit from Your Unique Advantages as a Small Investor--Speed and Flexibility!

The book you are holding is, hands-down, one of the most original and insightful books I have ever read when it comes to teaching you, the individual investor, not only why you have the ability to beat the Whales of Wall Street, but also how you can do it. --from the foreword by James J. Cramer, CNBC's Mad Money and TheStreet.com Even investors who concentrate on fundamentals can benefit from Jim DePorre's Shark approach to investing. At the very least they will know why, for a time, they can get the facts right but the stock wrong. --Herb Greenberg, senior columnist, MarketWatch.com

There are very few traders who have RevShark's intuitive feel for the market. I especially appreciate Rev's unique ability to recognize and utilize the distinct advantages of being a smaller, individual investor versus the less agile large institutions. --Barry Ritholtz, Chief Investment Officer, Ritholtz Capital Partners As an individual investor, you can swim circles around the whales of Wall Street by investing like a shark! In this book, James RevShark DePorre reveals how to maximize your powerful and unique advantages as a small investor: speed and flexibility. You'll develop a completely new way of looking at the stock market, learn when to attack, how to move aggressively, how to stay flexible and when to swim away in the face of danger. You'll learn why buy and hold is today's riskiest strategy and exactly what to do instead. In short, you'll learn the same disciplined investment techniques that helped DePorre build a tiny nest egg into a huge fortune and transformed his life. If you read TheStreet.com, RealMoney.com, or SharkInvesting.com, you already know DePorre and his inspiring personal story of how he lost his hearing, career, and marriage and returned to online investing out of

desperation and succeeded beyond his wildest dreams. Now, in this fast-paced, insightful, and entertaining book, DePorre shows how you can do it, too. How to invest like a shark Stay in motion, trolling for your next meal Stalk your prey patiently, relentlessly, and without emotion Move fast when there's blood in the water Know when to strike Know when to swim away Sell when you sense danger Feed on the frenzied crowd Profit from others' fear, despair, stupidity, and greed Use all your unique advantages and strengths Leverage small caps, technical analysis, and the tremendous power of cash Invest with the sharks' attitude Be active, adaptive--and control your own destiny
