

## Echoes of Love

Melissa Ryan never expected to inherit half of New York's most prestigious auction house, nor did she expect to find herself in the arms of a mysterious and handsome Englishman. He snatched her prized antique at auction and whisked it back to his estate in England. Ian Marshall didn't believe the local myths or ancient legends of ghosts around his home in Crimson Vale until a lovely American showed up demanding her heirloom back. Murder, revenge and centuries old love unite on England's deadly cliffs of the Seven Sisters.
