

Journey to Success Program Facilitators Guide

Success is personal. Many people do not adequately plan for success or prepare for the seemingly endless journey it takes to get there. In this program, a facilitator provides participants with an interactive look at the Six Steps for developing a Personal Success Strategic Plan (PSSP): 1. Determine your Destination 2. Identify your Purpose 3. Set Goals 4. Develop Strategies 5. Take Action 6. Evaluate your Progress The core concepts of these steps help participants to derive a clear path for the journey ahead. The program is based upon the book, Mapping Your Journey to Success: Six Strategies for Personal Planning by Sharon A. Myers and Mark W. Wiggins.
