

Lion of Caledonia: International Billionaires VII: The Scots

A caged man looking for escape. A woman in disguise searching for a precious jewel. Two lovers destined to destroy each other or tear apart the bonds of the past. Jennet Douglas doesn't do anything other than play it safe. Learning to be passive gained her a foothold in her grandfather's house and it's become a solid habit. But the burning, passionate nature she refuses to acknowledge has finally met its match. A match that lights a fire inside her she can't deny. Cameron Steward lives for adventure. Getting stuck in the wilds of Scotland, with an angry son who hates him, wasn't part of his plan. But a crazy, dead wife and a demanding, dead mother had other ideas and now, here he is desperate to find something to alight his interest once more. With Jennet tied to a family demand to steal and Cameron bound by long held beliefs, both are caught in a maze of past hurts and future fears. Only the flash of a match made in heaven can light the flame of love in their souls. Lion of Caledonia is a standalone story with a happily-ever-after ending. It's part of the captivating International Billionaires series books that take well-loved stories and place them in exotic locales. If you love a touch of gothic in your romance and fell in love with Jane Eyre long ago, this story will whisk you into pure pleasure.
