

The Mystery at Cinnamon Cove (Lavender Series Book 6)

When Tana and Thor are invited to Vermont to help Aunt Felicia solve the mystery at the college, they discover something much more valuable than artifacts or gold. A mysterious warning forbidding them to come to Vermont, strange organ music floating on the night air, a recluse who seems to be withdrawn from society, an eerie figure in white lurking around the college campus during a snow storm, stolen artifacts being smuggled into the United States, and a rumor of hidden gold, all add up to mystery and intrigue in the Green Mountain State. Who sends a warning note to Thor and Tana even before they begin their trip to Cinnamon Cove College? Whos the organist whose music floats on the wind during the nighttime hours and why is it so sad? Whos the handsome Mountie investigating the disappearance of valuable Indian artifacts that are turning up in the United States? Is the rumor of gold hidden on the campus someplace, on the level or is it merely a myth of someones overactive imagination? As Tana and Thor combine their wits to unravel Aunt Felicias mystery at the college, they discover something much more valuable than hidden gold or smuggled artifacts. Join them as they try to unravel the secrets which the college has kept hidden for years.
