

Leiths Fish Bible

A complete and authoritative guide to preparing meals centered entirely around seafood, this cookbook explains a wide range of dishes, from classic to contemporary, using plenty of diagrams and straightforward language. Readers will be guided through the proper techniques of filleting, boning, and home-smoking, and will discover a wide array of simple recipes such as Risotto Nero, or Deep-fried Cod in Beer Batter, to more extravagant menu items including Noisettes of Salmon with Cucumber and Fennel Salsa, or Braised Octopus in Rioja.
