

Let Them Eat Kale!: Simple and Delicious Recipes for Everyone's Favorite Superfood

Kale is considered one of the world's most powerful superfoods for very good reasons. It's packed with antioxidants, which help neutralize free radicals in the body, which, in turn, helps to prevent many kinds of cancer. Just one cup provides more than 100 percent of the daily value of vitamins A, C, and K, and it's low-calorie, high in fiber, and fat-free. Furthermore, kale is high in iron and has a good dose of omega-3 fatty acids, which work as an anti-inflammatory and help fight arthritis, asthma, and autoimmune disorders. And to top all that off, author Julia Mueller proves that it can be delicious. With seventy-five recipes for breakfast, lunch, dinner, snack time, and even dessert, your whole family will quickly fall in love with kale. Here's a sampling of the recipes included: Blackened salmon with garlicky Cajun kale, butternut squash and kale chili, cauliflower and kale yellow curry, grilled kale, peach, and corn salad with basil honey balsamic vinaigrette, Indian chickpea stew with kale, roasted beet, walnut, and kale pesto, sausage, fennel, and kale soup, sautéed shrimp and kale tacos with pineapple, corn, and kale salsa, savory cheesy kale pancakes, shrimp, artichoke heart, sun-dried tomato pesto pizza, turkey sliders with caramelized onions, sautéed kale, and blue cheese. Each recipe is paired with a gorgeous full-color photo, making this not only a great cookbook, but a beautiful one as well. Whether you're an experienced chef, or just trying it out for the first time, *Let Them Eat Kale!* is an invaluable resource for a delicious, healthy kitchen. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking,

paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
