

Markets and Rural Economics: Science of Commerce and Distribution

An investigation of agricultural production and the economics of distribution, cooperation in marketing, rural credits, agencies of impending change, present conditions and tendencies, and future possibilities and opportunities, originally published in 1914, when the author was Professor Markets and Rural Economics at the Agricultural and Mechanical College of Mississippi. There is extensive material on cooperatives, including forms for organizing a cooperative marketing association and by-laws for an egg-shipping association.
