

## London Peculiars: Curiosities in a Capital City

London Peculiars goes in search of the strange, the unexpected and the downright odd: dinosaurs in Sydenham, stage-set housefronts in Bayswater, a funeral railway in Waterloo. Architecture that moves considerable distances, architecture that hides other purposes. The weird, the mysterious, the preposterous; this book is a manual for anyone wanting to scratch away at London's surface gloss.
