

Long Distance Grandma: How to Stay Connected with Grandkids Far Away

According to an AARP survey, 45 percent of grandparents report that the primary barrier to seeing their grandchildren is the physical distance that separates them. Yet, the desire to communicate is strong. Janet Teitsort, a long-distance grandma herself, comes to the rescue with a years worth of ideas to remain close even when the miles divide. Among her numerous ideas are art projects, recipes, and simple gifts that keep hearts knitted together. Whether children are toddlers or collegiates, Teitsort offers a cornucopia of connection possibilities including a strong recommendation for grandparents to embrace technology with ideas involving audiotape, videotape, email, and the internet. As the grandparent population swells with Baby Boomers, this book is truly timely.
