

Lost in France: The Remarkable Life and Death of Leigh Roose, Footballs First Superstar

In 1914 one of Britains most famous sportsmen went off to play his part in the First World War. Like millions of others, he would die. Unlike millions of others, nobody knew how or where. Until now. Lost in France is the true story of Leigh Roose: playboy, scholar, soldier and the finest goalkeeper of his generation. Its also the tale of how one man became caught up in a global catastrophe - one that would cost him his life, his identity and his rightful place as one of footballs all-time legends. Lost In France is the biography of goalkeeper Leigh Roose, footballs first genuine superstar, a man so good at his position on the field of play that the Football Association made one of the most significant rule changes in the games history just to keep him in check. Small wonder that when the Daily Mail put together a World XI to take on another planet, Leighs was the first name on its team sheet.
