

Arts Management

Presenting this critical overview, at a time when interest in aesthetics and managements studies is rapidly increasing, Derrick Chong explores a vital sub-discipline: arts management. Using a diverse range of sources that include contributions from contemporary artists, prominent management theorists and the experience of arts managers, topics discussed include: arts research cultural entrepreneurship collaborations in the arts artistic leadership institutional identity arts marketing creative approaches to financing organizational forms and dynamics. The book makes a concerted effort to address the artistic, managerial and social obligations of arts and cultural organisations operating in contemporary urban environs. As such, it isa must-read for students and scholars of business, management and art.
