A must-read book for anyone in a relationship! No matter if you are: \*thinking of getting married or living together \*in a marriage or in a relationship \*thinking of getting divorced \*recently divorced Marriage and Divorce, A Survivor's Guide by Durbans own Spike Farrell is the only book I have ever come across that makes essential reading for both happily married couples and those in the throes of a divorce. Spike is for marriage, he wants every marriage to survive, yet he recognises that sometimes divorce is inevitable - and his book is geared to helping couples on every point of the continuum. Spike know his material. Hes unpretentious. Hes quick-witted. The book is thoroughly practical. Rod E. Smith THE MERCURY
