Training Activities That Work provides a library of training activity ideas, ready for you to use or adapt to meet your training requirements. Catherine Matisse and her team of co-authors have used their combined training experience of more than 100 years to take away your pain and help you to achieve SUCCESS. The book is powered by ID9 - a breakthrough rapid instructional design method invented by Catherine Matisse in 1998. It details a variety of ideas for pre-course, during course, and post-course learning and review activities for both participants and their Managers. For each activity, there are comprehensive preparation and delivery instructions, in an easy-to-use and quick-to-reference format. Every chapter is filled to the brim with tried and tested training activities that really do work! These high impact training activities instantly measure learning, accelerate the pace of learning and save you time. They are fully balanced to illuminate the minds of learners of all styles. This book is a trainers toolkit essential! Use it as a reference tool, focus on specific chapters of interest, or read it from start to finish - the choice is yours.
