

Massive Attack: True Stories From the Frontline of Tottenham's Staunchest Fans

From the author of the best-selling Tottenham Massive comes this incredible follow-up—the most searingly honest and brutal book ever written about football. In this all new account of life with the firm, he reveals the emotional stress and headache of the year long trial which resulted in him walking out a free man but not before he'd gone on the run for a month and seen the stress the case put his family and close friends under. He tells how it feels to have left the legacy of what is arguable the best firm the country has seen in more than 20 years. There has been betrayal, jealousy and bitter rivalry on the way. But Trevor knows more than most how that comes with the territory and he'll never complain about having to deal with it this way.
