During week one of World Cup 2014, Fundacion Leo Messi and Ediciones Pampa SL present Messi: Choose to Believe, the first authorized book about soccer player Lionel Messi. Through exclusive, in-depth interviews with those who know him best, the book takes the reader from the players roots in Rosario, Argentina where he struggled to overcome physical and financial adversity to his rise as a soccer star and captain of his national team. Page after page, youll get to know Messi beyond the field, his love of family and friends, his dedication to the sport, his foundation and why he became an advocate for children around the world. Published in more than 15 languages and 50 countries in print and e-book formats, the book has an interactive digital and multimedia component with Augmented Reality and QR Codes, but most importantly, each book includes the much-anticipated Messi Golden Ticket, which once registered on the books website, earns the reader a chance to meet Lionel Messi in person. A major part of the proceeds generated from the sales of this book will benefit the work that Fundacion Leo Messi carries out on behalf of children around the world.
