

Mr. X and Mr. y

The double murder story you'll never forget. Told by insiders who lived it. Enhanced by photos not seen for half a century. A unique true crime experience awaits you in Mr. X and Mr. Y. Veteran journalist Donald Brown covered the story as a young reporter and now recreates it vividly. On a farm in northeast Alabama, two men are shot to death, hacked apart and their remains scattered across countryside familiar to the killer. Who they were, why such gruesome deaths, who did it and other discoveries big and small all combine to give this book stand-alone qualities.
