

Mug Shots, Desserts

Just for one ... but you can share if you want to. These sweets are moist, decadent, delicious and, best of all, ready in minutes. Just mix together a few ingredients, then bake them in the microwave. Its so easy, you can treat yourself any time of the day or night without the hassle (or heat) of big batch baking. And since youre baking just one in a mug, there arent leftovers tempting you to eat more. Make a personal Pumpkin Coffee Cake in 2 minutes flat or bake one satisfying Snickerdoodle Cookie in 45 seconds. Cure your chocolate craving anytime with Fudge Brownie Bliss or reward yourself with something elegant like Creme Brulee or Dreamy Cheesecake. These sweet sensations cook up in a snap! If youve got a mug, a microwave, and a few minutes, youll smile for these Mug Shots.
