

My Resurrected Heart: A Codependents Journey to Healing

The story of one woman's life with an alcoholic spouse will resonate with anyone dealing with a loved one's addiction. After her husband moved out, author Diane Jellen sought professional counseling and learned that she had played a leading role in the family drama. In order to achieve spiritual and emotional recovery, she had to deal with her own issues including denial, stigma of addiction, blame, family secrets and shame. This forty-day devotional memoir details Jellen's slow but progressive recovery from crippling codependent behavior to self-respect. Follow Diane on her healing journey and learn how you, too, can face your fears and overcome your shortcomings.
