

Nomad: Sequel To Two Sons Nelson

A stunning sequel to the gripping novel Two Sons Nelson, Nomad is another troubling story with a violent and sometimes shocking plot that sees the power of the God of Wreke handed to an innocent child who is not prepared for what has befallen him. Guided by mysterious forces, he neither sees nor understands, Sam, is led to learn how to lead while he governs his most loyal servants who guard him and his identity, even from himself. But Christ's Inquisitors have invaded his once idyllic home and the animosity which their presence breeds in him, and his need to prove himself to his girlfriend, Patricia, force him to take action and throw his life away when he enlists with the Inquisitors. Devastated by the news, the village erupts into chaos as he goes to Christ Academy where he is transformed into the monster his friends and family feared he would become before eventually coming home the hero he promised he would be.
