

Unlikely Saviors: Realizing The Positive Impact Amateur and Professional Athletes Can Have On Society Through Philanthropy

Its no question that athletes are arguable some of societies most respected, highly regarded and sometimes controversial individuals. In his book, Lindsay will explore how athletes can use the admiration and notoriety they receive as a platform to have a significant impact on many of societys ills. The interviews in Unlikely Saviors range from former NBA and Fab Five members Jalen Rose and Jimmy King, Greg Special K Kelsner, championship coaches to college All-American athletes. Lindsay will also highlight specific professional athletes charitable foundations, and other sports related philanthropic organizations. This book will be a valuable resource to be used by everyone from the team coach to the team captain, varsity amateur player to veteran professional player, soccer mom to single mom, and community activist to charitable foundation, because unlike sports, in philanthropy, everyone wins. Lindsay Huddleston is the Founder and CEO of The Huddleston Consulting Group, LLC, which provides consulting and motivational speaking to for profit and non-profit organizations throughout the United States. Lindsays philanthropic efforts also include hosting the annual Huddleston Hole in One Charity Golf outing. For more information please visit www.lindsayhuddleston.com.
