

Ingredient For Murder

Keep an open mind and an open path and the way will find you. K.C. Bridger and her sister Wy Hampton live by these words, the teaching of their father and giver of their gift of seeing into the past. The way leads them through a bloodstained cookbook to Spanish Oaks Plantation where restless spirits channel the sisters. Joseph, owner of Spanish Oaks, and his daughter Sophia become ghost-hunters-in-training as they join K.C. and Wy in answering: Who murdered Princetons wife Beatrice Broussard on the night of May 30, 1848, and why was her portrait slashed? Where is the priceless heirloom, La Fleur? In solving the mysteries, the four also hope to find out who is stealing from Spanish Oaks in the present. Questions are answered and the spirits are given eternal rest as the portals open and K.C. revisits that fateful night in 1848.
