

Crashworthiness and Occupant Protection in Transportation Systems: Presented at the 1996 Asme International Mechanical Engineering Congress and ... Atlanta, Georgia (Amd (Series), V. 218.)

Proceedings of the November 1996 symposium. Contains 13 papers covering offset barrier impact, roof crush design, space shuttle seat analysis, guardrails impact, simulation, component crush behaviour, composite failure, FEA model validation, design of side impact airbags, interior head impact and more.
