

# I Am Titanium: Gerri Has a Secret Weapon, And She Guards It With Her Life

Through sheer conviction and her total belief that dreams really can come true, Gerri finds a unique way to cope in order to fulfill her true purpose on this earth. With luck playing no real part in her plight, her inner voice guides her and takes her to the places she needs to be in order to continue on her journey. Each new place, new face, and new encounter, leaves her wondering when and if it will ever end. Self doubt is her enemy, an enemy that is ever present, with a voice she struggles to tame. The universe has definite plans for Gerri, but she will not understand fully what they are until she has experienced the pain and accepted each lesson as a necessary part of her growth. Her path must be endured; unexpected twists and turns are constant, and would be no less than destructive for most. Gerri is a tiny warrior living in a world she doesn't care much for, with a life she will defend to the end. Each moment of desperation brings inspiration, and every tear, a smile! Every tentative step she takes could mean four back, but she takes them with the knowledge that she is being guided and protected always. One day she will arrive! One day the world will know who she truly is! Gerri's journey will shape her, and ultimately make her into the person she was always meant to be. A person, who is guided by her unbreakable understanding of love and complete faith that life really is beautiful. You only have to look!
