

Legacy of Time (Legacy of ... Book 1)

Time Travel + Plantations = Back to the Future meets Gone With the Wind. Steamy sex and fast-paced love story is a guaranteed page turner. The plantation country of Scarlett O'Hara was long ago, but not far away as Colette Boudreaux discovers when she travels back in time to the 1840s in New Orleans. Feeling completely lost and out of place, she is sheltered by sugar cane plantation owner, Wyatt Alexander. Time knows no boundaries and they soon discover love and passion. However, fireworks erupt when the cultural mores of a male dominated society marry those of a modern liberated female. Their bodies know they belong together, but their minds cant, or wont bridge the gulf dividing them. Will Colette find her niche in the past, where her heart is grounded, or will she return to the future, lonely and alone? Only time will tell.
