BOOK #1: Potty Training: The Fun and Stress-Free Potty Training System. Potty Train your Child in 1-3 days. This book is a valuable guide, for parents who are planning the stages of potty training for their child. It shows how potty training is not about parents making up the rules, but about how parents are recognizing the signs that their child is ready to take on this major hurdle. It highlights many important aspects like: Average ages for potty training, Signs to look for, Different types of equipment, Planning the new routine, Problems that may arise. You will be able to decide if your child is ready for the 3-day training system. By reading through the chapters, you will learn some tips and facts along the way. Here is what you will learn after reading this book: Potty training, Night time dryness, Healthy diet, Temper tantrums.

BOOK #2: Potty Training: The Ultimate Potty Training Guide To Hassle Free Results In 3 Days. Most children enter a daycare, babysitter or preschool situation by age two or three, prime potty training years. Having them prepared ahead of time saves parents frequent trips exchanging accident clothes for clean ones and saves children embarrassment when accidents do happen.

Since the mid-1970s, there have been many studies and reports of quick-training potty training methods published, some claiming to work as quickly as one day! It is important that we stress what success will be when trying to potty train a child in a short amount of time. Success will mean that your child is more likely to use the potty rather than diapers.

BOOK #3: How to Potty Train a Boy: The Proven System to Stress-Free Potty Training.
