

All Access (The Fangirl Series) (Volume 1)

Every fangirl has a fantasy . . . what happens when that if only dream comes true? Though shes a single mom wedged firmly into thirty-something territory, author Kallie Reagans devotion to rock star Niles Russell knows no bounds. To pay homage to her muse, Kallie writes a smokin hot novel featuring a hero who looks and acts an awful lot like Niles and a heroine who may or may not have a smattering of herself thrown in for fun. When Niles learns about the book and surprise-texts Kallie, the two deliciously complicated creatives become fast friends . . . and so much more. But trying to define a relationship thats laced with closeted skeletons, half-truths, and constant question marks proves harder than making it big. If theyre going to progress from Fangirl Infatuation to The Real Deal, these two need to give each other All Access to the most important place of all: their hearts.
