

Building Regulations

This guide to the Building Regulations for England and Wales has been revised to include: amendments to The Approved Documents operative from 1st April 1990; a new chapter on access for the disabled; further details on the NHBC building control service; and a revised chapter on legal liabilities to take account of substantial changes in case law. The book is intended for use by architects, building surveyors, contractors, local authorities and lawyers and by students at all levels taking courses in architecture, building and surveying.
