

## Brothers at Arms: Treasure & Treachery in the Amazon (Men of Grit Christian Fiction Book 1)

Lawrence and Chester Stoning are twins, but like Jacob and Esau of old they have little else in common. Lawrence is a realist, fascinated by the study of science, mathematics, and history, while Chester longs for the knightly adventures of chivalrous times past - hard-fought battles, gold-filled caves, damsels in distress. When Chester's impetuosity engages the unlikely pair as bodyguards to a Spaniard and his beautiful ward, Pacarina, the twins quickly realize that the 19th century calls for a chivalry of its own. Protecting Pacarina's secret leads all of them into the steaming jungles and dizzying mountains of Peru, a forbidding territory made all the more dangerous by Lawrence and Chester's strivings against each other. Can the twins learn to trust God and work together before it's too late? Or will they fall prey to the mysterious schemes of Pacarina's enemy - an enemy they know nothing about? The Men of Grit Christian Fiction Series is a clean, exciting adventure series for young adults of all ages. There is no foul language or sensuality, just good, old-fashioned excitement following the tradition of authors such as Douglas Bond, G.A. Henty, R.M. Ballantyne, Jules Verne, James Fenimore Cooper, and more. The Men of Grit Christian Fiction series is loved by boys and girls around the world.
