

The Shape of My Heart

Some people wait decades to meet their soul mate. Courtney Kaufman suspects she met hers in high school - only to lose him at 17. Since then Courtneys social life has been a series of meaningless encounters, though shes made a few close friends along the way. Especially her roommate, Max Cooper, who oozes damaged bad-boy vibes from every pore. Max knows about feeling lost - hes been on his own since he was 16. Now its time to find out if he can ever go home again, and Courtneys the only one he trusts to go with him. But the trip to Providence could change everything.... It started out so simple. One misfit helping another. Now Max will do anything to show Courtney that for every heart thats ever been broken, theres another that can make it complete.
