

Sil in a Dark World: A Paranormal Love-Hate Story

Sil says I have a problem with authority. I say Sils a twit. Forced to live in the mortal world for six weeks, tasked with the impossible mission of making affectionless Sil fall for him, it is the end of the world for spoiled Prince Wayst. Exiled from the underworld, Waysts only hope of return lies in making Sil love him, but how is he supposed to do that when all he can think about is killing her? Love and hate have never been more deliciously cynical, in this dry-humored tale of lust, murder, and romance. Recommended for ages 16+
