

Low Calorie Cocktails: Skinny Cocktails for People with Skinny Attitude

Skinny Jeans were the inspiration for LOW-CALORIE COCKTAILS: Skinny Cocktails for People with Skinny Attitude. Do you want to slip easily into a pair of tight skinny jeans without that bulge spreading over the waist? Do you want to enjoy a delicious low-calorie mixed drink that tastes like a real cocktail and not some wimpy, insipid libation? In this delightfully delicious collection of low calorie mixed drinks, with marvelous illustrations, Elizabeth Dodwell shows you how to take old favorites like Sex on the Beach and Strawberry Daiquiri and create beautiful, guilt-free drinks in a flash, and introduces delectable new creations like the Red Stiletto and Devil in a Blue Dress - all under 150 calories. Here's the main thing though. Most of all, this book is about having fun; about enhancing your enjoyment of life. A cocktail is a way to relax at the end of a tough day. It's a delight to share with friends - glasses clinking, ice chinking and laughter flowing. And now those pleasures can be yours, even if you're dieting. So go ahead, mix that drink, because with a little common sense you can have your cocktail and wear those skinny jeans too.
