

## Bikini-Ready Moms: Celebrity Profiles, Motherhood, and the Body (Suny Series in Feminist Criticism and Theory)

The requirements of good motherhood used to primarily involve the care of children, but now contemporary mothers are also pressured to become bikini-ready immediately postpartum. Lynn O'Brien Hallstein analyzes celebrity mom profiles to determine the various ways that they encourage all mothers to engage in body work as the energizing solution to solve any work-life balance struggles they might experience. Bikini-Ready Moms also considers the ways that maternal body work erases any evidence of mothers' contributions both at home and in professional contexts. O'Brien Hallstein theorizes possible ways to fuel a necessary mothers' revolution, while also pointing to initial strategies of resistance.
