

Talking to Addison

Holly is a frustrated florist whose life doesn't exactly seem to be coming up roses. Fleeing the house share from hell, she moves in with Josh, a sexually confused merchant banker; Kate, a high-flying legal eagle with talons to match; and the gorgeous Addison, who spends his days communicating only with his computer and those who worship at the altar of Captain Jean-Luc Picard. Holly's desperate to have a one-to-one with Addison, but can she drag him away from his monstrously ugly, not to say jealous internet girlfriend, Claudia, or will they just continually get their wires crossed?
