

The Art of War: The Essential Translation of the Classic Book of Life (Penguin Classics)

For more than two thousand years, Sun-tzu's *The Art of War* has provided leaders with essential advice on battlefield tactics and management strategies. An elemental part of Chinese culture, it has also become a touchstone for the Western struggle for survival and success, whether in battle, in business, or in relationships. Now, in this crisp, accessible new translation, eminent scholar John Minford brings this seminal work to life for today's readers. Capturing the literary quality of the work, Minford presents the core text in two formats: first, the unadorned ancient words of wisdom ascribed to Sun-tzu; then, the same text with extensive running commentary from the canon of traditional Chinese commentators. A lively, learned introduction and other valuable apparatus round out this authoritative volume. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust this series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
