

Twenty-One Habits of Highly Functioning Families

The Devil has had his way in the family far too long! God designed the family to be beautiful. He even placed the first family in the paradise of the Garden of Eden. However, once the knowledge of good and evil entered the family, the Devil has tried, and has succeeded in keeping his foot in the door to the family. The family needs a complete paradigm shift. The family needs to practice good, godly habits in order to accomplish this shift. The hope and prayer from this book is that Twenty-One Habits of Highly Functioning Families will provide the reader a useful tool for positive family habits. This will result in a change in our families, in our neighborhoods, in our churches, and in our world. The mission of this book is that it will inspire good, godly habits that will allow families to shift from dysfunctional to highly functional. After reading each chapter, you will see a section entitled, Family Talk. This is a section of study questions that will allow for even more quality discussions together. Please consider practicing these twenty-one habits so they will become habits in your familys daily life. Together, we can change and be the family that God first designed the family to be.
