

## The Book: The Love Story of Creation

Do you want to learn the true story of creation and how you fit into Gods perfect plan? In this unique religious study, Marilyn T. Rogers offers you a step-by-step, detailed story of creation by examining the book of Genesis and other texts and showing you how you are a necessary and planned part of Gods creation. The Book: The Love Story of Creation attempts to answer many of the unsolved, logical questions of the Earths creation as revealed in the book of Genesis. Rogers offers a vivid picture of how God used incredible creativity to craft the universe, the galaxies, heaven, Earth, and mankind. She also explores creation before the Big Bang theory and Evolution, offering an extraordinary commentary on God, life, light, sound, and nature. In addition, Rogers discusses how we can better understand Gods essence and his true nature, delving into the story of Lucifer and how evil evolved into its present form. Other topics of interest include: The Eternal Side of God, The Love Relationship of God the Father and Mother Nature, The Making of Adam, The Love Story of Adam and Eve, The Redemption. Locate the missing pieces of your destiny and learn the truth about our world with The Book. Youll never look at life the same again!
