

A Complete Guide to Public Speaking. 2nd Edition: Skills & Software Tools for Business / Technical Presentations

This is the 2nd Edition of this book. The first, published in 2009, won a Readers Favorite Silver Medal for Non-Fiction. Since then many new software tools for enhancing presentation visual aids have been introduced and are discussed herein. REGARDLESS OF YOUR PROFESSION, e.g., business, science, engineering or government, communicating in front of others is useful and becomes even more of a necessity as one progresses in an organization. MANY TOPICS ARE PRESENTED HEREIN such as: Ancient humans and their versions of Facebook and Twitter, the Evolution of Verbal & Written Communication, Factors to Consider Before Designing a Presentation, Winning Over an Audience, Opening & Closing Techniques, Developing Each Part of Your Speech, Taking the Terror Out of Public Speaking, Deadly Mistakes to Avoid, Pros & Cons of Using Visual Aids, How to Avoid Brain Death When Speaking and much more. MANY VITAL SPEAKING TIPS ARE ALSO PRESENTED such as: the use of humor; awareness of the role your eyes and gestures play; verbal & body language; strong words to use & weak words to avoid; speaking speed & pauses; strategies for handling hostile questions & audience members; security blankets to avoid and even tips for making a presentation to your boss and management. ON-THE-JOB PRESENTATIONS ARE EMPHASIZED such as those within corporations and other organizational entities, business, technical conferences, symposia and scientific poster sessions. The public speaking strategies and tips are described in a straightforward and easy-to-follow manner. THE AUTHOR uses his extensive education, 35 years of management consulting and executive management experience, as well as research on public speaking to present a useful guide for presentations in any setting.
