

# The Everything Guide to Commodity Trading: All the tools, training, and techniques you need to succeed in commodity trading (Everything®)

Insider tips from investment pros! Over the past two decades, no investment has returned more profits than commodities, but these assets can also be perilous for the uninitiated. The Everything Guide to Commodity Trading demystifies this dynamic market, and gives you the levelheaded, clear guidance you need to make a killing in commodities! Inside, you'll learn how to conduct fundamental and technical analysis of commodities, build a portfolio, and anticipate movements in the commodities markets. The book also includes valuable info on: Cutting-edge energy and material commodities Investing safely in ETFs, index funds, futures, and options Maximizing profit in developing economies Key set-ups that signal when to buy and sell With trading strategies crafted for various levels of budget and risk, and featuring a chapter on numismatics and collectibles, The Everything Guide to Commodity Trading gives you the advice you need to cash in on this red-hot market!
