

## The Excellence of the Bacon Sandwich

So powerful is the bacon sandwich that it has the ability to drag you out of bed when you're nursing the mother of all hangovers, and niggles away at the back of the mind of even the most determined vegetarian. They will lovingly talk about the old days when they'd layer crispy bacon on soft, white bread and slather generously with brown sauce or ketchup, depending on their persuasion. Even vegans love a bacon sandwich they just can't talk about it without crying. This digital book takes a look at the wonderment of the bacon sandwich, and the many possibilities for its embellishment, including The Royale, The Elvis and the somewhat divisive Chocolate Bacon Sandwich. The Excellence of the Bacon Sandwich is stuffed with recipes, tips and anecdotal tidbits on mastering this ultimate British delicacy. This book is for anyone who would answer the question What is the meaning of life? with the unswerving reply: Bacon sandwiches.
