

The Kitchen Therapist: For the love of Chicken

Therapist For The Love Of Chicken, she thought about the classics she loves, the recipes we all want, admire or have heard of. From soups to salads, stir fries to roasts, char - grilling to deep frying the list of chicken possibilities is quite endless! The Kitchen Therapist For The Love Of Chicken manages to include just about every dish you could think of that includes chicken. This is a great book for novice cooks, as well as the more experienced. It lists the equipment you need and then breaks the recipe down, giving hints and tips throughout, along with a couple of what went wrongs. A topic I love to share. (Jo Richardson)
