

The Market Makers Edge: Day Trading Tactics From a Wall Street Insider

This book will let you see the little-known but effective trading tactics and methods of today's top market makers. Technical Analysis of Stocks and Commodities. Surprisingly a good book written by a Wall Street market maker. There is a lot of insightful information for stock traders. As an insider, Lukeman is fully aware of the tricks a market maker plays. There is good information that every trader can learn to avoid costly mistakes. --Traders Laboratory. Regardless of whether you are a scalper, swing trader, or even a buy-and-hold investor, The Market Makers Edge is your key to foreseeing, understanding, and profiting from the little-known but effective trading tactics and methods of the competition today's top market makers. It will help you dramatically increase your risk/reward ratio, time your trades with the skill and experience of battle-hardened market makers, and gain a one-of-a-kind, valuable perspective for making money in today's fast-moving, unforgiving markets. --ActionForex. Active traders must get inside the head of the all-important market maker before they can begin to truly compete. The Market Makers Edge, written by longtime ax Josh Lukeman, is the first inside look at how axes think, what they look for, and, most important, how they can be beat. Josh Lukeman has worked at Morgan Stanley, where he was a Nasdaq market maker, concentrating on technology stocks, and an index option trader. He has been featured on Bloomberg radio, and other national media.
