

The Naked Trader: How anyone can make money trading shares

The most entertaining book on how to trade shares is back! Ever thought about investing in shares but got frustrated by all the gobbledegook? Bored by all the jargon? Then The Naked Trader is for you! This is the book on stock market investing that you can actually enjoy, written in plain English, packed with real-life trading examples and full of candid advice that you just can't get anywhere else. It's the ideal friend for anyone who wants to make money in the markets. In this completely updated and expanded 4th edition, Robbie Burns (aka the Naked Trader) gives you the lowdown on what you need to make money from today's markets without having to sit at a screen all day or swallow a financial dictionary. Even better, he shows you how to do it all tax-free! The first three editions of The Naked Trader flew off the shelves as glowing reviews mounted up. This brand-new 4th edition contains even more of what made it so popular. There are more exclusive tips and ideas, more winning trades shown from start to finish, and more real-life trader tales of triumph and disaster. Not to mention 20 proven strategies that you can use to make money in the markets and a breakdown of some of the trades that have helped Robbie make more than £2 million tax-free. Trading shares, eating toast, making money in between cups of tea, rounds of toast and watching Deal or No Deal, Robbie tells you all you need to know to become a successful trader: from how to find good shares in the first place, to the best times to buy and sell, as well as how to make sure you have the right mindset for long-term success (it involves an unlikely combination of the secrets of Derren Brown and Dads Army ...). You can also find out how Robbie has even made money during market meltdowns - as well as what his biggest mistakes have been so that you can avoid them! If you're a complete beginner, The Naked Trader is the best

place to start. But its also absolutely perfect if youre already trading and want to learn some new, common-sense trading ideas that really work. So whether you just want to make a few quid on the side while youre at work or want to go on to make money from the markets full-time and quit work like Robbie, The Naked Trader is everything youve been looking for. Grab some tea and toast and start trading the naked way!www.nakedtrader.co.uk#nakedtrader
