

The Perfectly Useless Book of Useless Information: Youll Never Need to Know Anything Thats in This Book...But Read It Anyway

It doesnt get any more useless than this! The most inconsequential entry yet in the #1 New York Times bestselling series proves that information is overrated. Your life wont be improved by knowing that... ? Frank Sinatras mother was a convicted felon. ? Bugs Bunny was born in Brooklyn. ? The average American home contains \$90 in loose change. ? It is illegal to use the American flag in advertising. And theres no good reason to also discover... ? Which game show host previously worked as a garbageman. ? Which day of week is the most popular to rob a bank. ? Which millionaire loaned his kidnapped grandson ransom money at 4 percent interest. ? Which country once had a dog for a king.
