

The Rifle and The Hound in Ceylon

Excerpt from The Rifle and the Hound in Ceylon
Upwards of twenty years have passed since the Rifle and Hound in Ceylon was published, and I have been requested to write a preface for a new edition. Although this long interval of time has been spent in a more profitable manner than simple sport, nevertheless I have added considerably to my former experience of wild animals by nine years passed in African explorations. The great improvements that have been made in rifles have, to a certain extent, modified the opinions that I expressed in the Rifle and Hound in Ceylon. Breech-loaders have so entirely superseded the antiquated muzzle-loader, that the hunter of dangerous animals is possessed of an additional safeguard. About the Publisher
