

# The Things That Nobody Knows: 501 Mysteries of Life, the Universe and Everything

A playful and diverting, yet always scientifically rigorous look at those simplemysteries that are yet to be solvedWhy are so many giraffes gay? Has human evolution stopped? Where did our alphabet come from? Can robots become self-aware? Can lobsters recognize other lobsters by sight? What goes on inside a black hole? Are cell phones bad for us? Why cant we remember anything from our earliest years? Full of the mysteries of life, the universe, and everything,this is a fascinating and unputdownable exploration of the limits of human knowledge of our planet, its history and culture, and the universe beyond.
